

June 14, 2017

Dear Mishkon Member,

As we near the end of Mishkon's fiscal year, it's time to renew your membership dues. This year, however, we've made the process much easier.

If you would like to increase your dues to an honor level, please contact the office, or return your forms with your payment or credit card information. If your situation has changed so that your current dues level is no longer appropriate, also contact the office, or return the forms with updated information.

**If nothing has changed, you make monthly payments, and your contact information remains the same, you do not need to return any forms or contact the office at all.**

**If nothing has changed, you want to make your payment in full, and your contact information remains the same, please send Mishkon a check or pay online, and don't return any forms.**

Of course, if you require financial consideration, please do not hesitate to ask.

If you can afford to renew at an honor level, please do so. Those who join at an honor level will receive two additional High Holy Days tickets. Although we expect Mishkon to end the fiscal year with a surplus, we have had several years of deficit, and we have many expenses that need funding.

Your dues comprise 40% of the budget and are crucial to our success. Thank you for renewing your membership, and thank you for your generosity.

B'Shalom,
